FARMVILLE.

As "night brings out the stars," so a play in Farmville, in which our local actors take part, reveals our hidden talent. "Serenades" emphasized the fact of Miss Minor's voice of rare culture and sweetness, that Mrs. Dr. Anderson moved upon an audience as few vocalists do that Miss Verser is queen of the stage, that Prof. Mattom is a man of rare gifts, that Drs. Gills and Crute mistook their callings and that President Jarman can lead in music as easily and successfully as he does in Educational work. No audience was ever more charmed than was the one that witnessed the rendition of this play. The proceeds were such as to free the Y. M. C. A. of debt.

Our Baptist friends are pleased to have the Rev. Mr. Hart as their pastor. He comes to a most inviting field too.

The young ladies of the Normal who attend our different churches constitute themselves large audiences, and surely no minister could ask for more acceptable auditors. A majority of the students go to the Methodist church, but they are quite equally divided through the different churches. When summer vacation comes and they go to their respective homes, we do sadly miss them. Like the roses, however, they come again.

Our newly married couples begin to look like old married folks, now that there are any wrinkles on their brows or care marks on their faces, but that they do seem to be so at home with each other.

Our local post-office affairs are ominously quiet. But a short time now before the appointment of Mr. Bugg's successor has to be made and all as yet is guess work.

Our warehouse authorities will have no sales on Thanksgiving day, and after 1st of next January no sales on Saturdays. This last change might not be the best thing to be done as many farmers must come to town on Saturdays and might, conveniently bring a little 'backer' with them. If, however, they fetch a few eggs instead they will carry back home with them more in returns for the amount invested.

What a splendid thing for the average negro that he is out of politics. No more hanging around the poles all day expecting something, then to return to the cabin at night with a big disgust, hungry, footsore and weary. No longer the all night meeting with the ignorant and inflammatory 'norator' stirring prejudicies and kindling into flame smouldering pinions and prejudicies. On tomorrow every negro in the Southland should make it the subject of special thanks that the native whites are making and enacting our laws. Left to themselves they would relapse into laborism within two decades with Booker Washington the high priest of the temple. As an imitator, the negro or some of them at least, have unquestioned capacity, but without something worthy of imitation, degradation is inevitable. This is not written in malice or with unkindness towards those with whom the whites have been reared and from whom he has received uniform courtesy and consideration.

Now that the days are so short, day is so slow to break and dusk to come so soon our electric lights are great comforts. They keep watch during the long watches of the night and are always ready to welcome us in the early morning.

The champion shot of the season has not been named as yet, though Messrs. John Watkins, John Berkley, John Hamlet, and W. R. Richardson are leaders in the sport. Each of course has the best gun and the best dog.

Dr. Alfred Morrison is contributing weekly to the columns of the Herald weekly articles of local historical interest.

The old passenger depot of the N. & W. has now been deserted by the express company, its office having been removed to a more central location on Main St. The wonder is that it was ever considered large enough for its purposes.

The Commercial Company of our town has gotten to be one of the useful liberal of our advertisers the result being that there is always hustle about the store and business always active. Printer's ink is a winner every time and all the time Farmville, as a town, does not appreciate that as it should, or else it would be getting ready for Jamestown.

Now and then the small boy says something about Xmas and father who has to foot the bills, shudders. There will be no need to send or go outside our gates to find appropriate gifts. Our stores were never more judiciously or liberally supplied. From the modest toy to the massive silver service, they are all here and as competition is sharp and strong prices must be reasonable. No trust on merchandise has yet been found in Farmville. The man or woman with the ready cash can always buy at bottom prices.

Our grocers sometimes say, "we are just swapping dollars." But they are lively swappers, and the game seems to be interesting. To a live man a lively trade is of thrilling interest. And then shopping has its charm too, especially with our lady friends when they strike a "bargain counter." The wonder is that all men don't always have them on hand.

Lingering Cold.

Withstood other treatment but quickly cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, Arkona, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlains Cough Remedy to be the best I have ever used."

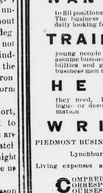
A Guaranteed Cure for Piles.

Itching, blind, bleeding, protruding piles are caused by an unhealthy or relaxed mucous membrane. If PAZO OINTMENT fails to cure in 6 to 14 days, 50c.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.



All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If the kidneys are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected or kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney poisoned blood through veins and arteries.

It need to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty cent and one-dollar sizes. You may have a sample bottle by mail free. Home of Swamp-Root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Many Interesting Reports Made of Her People.

Buckingham.

The congregation at Richmond of such a host of school officers, school teachers and three most interested in public school work, seems to have awakened new interest all along the line, and must advance the cause of education. State Examiner, Willis A. Jenkins in an able address before one of the teachers' meetings said, "It is a serious question to my mind whether it pays to open a school with a 3rd grade teacher" and again, he says, "Our male teachers are showing more and more that virility which God gave us when he made us in his own image." Our women teachers, along with that sympathy and love bestowed on us by the Savior of men, are displaying a new zeal to find the better way. These influences are being centred on the Holy Spirit of childhood, in order to develop in him all his noblest and highest possibilities. The boys and girls of Virginia are receiving impressions from the forces which build up character to withstand the shock of life's battles. The colored people of Virginia are being liberally dealt with by the white people, and if they could be brought to realize the fact that their friends, the tax-payers, are paying $96 for their schools, to every $4 they pay themselves, and then read an extract from Senator Tillman's speech in Chicago last week, they might be led to see the hopelessness of the undertaking to educate the negro beyond certain limits. The Senator said in part, "He (the negro) has done absolutely nothing for himself, nor has he ever achieved anything of importance. There are no great men among the race. No doubt many of you have listened to the oratory of the greatest colored man of this country, Booker T. Washington. He had a white father, however, and his brains and character is inherited from that father." In my humble judgment the fittest and most practical way to educate the colored children would be to teach them trades, make expert builders, blacksmiths, wheelwrights etc., of which the country stands today in such dire need. The colored brothers of this place are asking for just such a move to be made. Think of this all ye who are discussing the race problem and who are interested in our colored brothers.

Since the roads have become good tobacco has been hauled to Farmville in quantities unusual for the time of year and prices have kept up very well. I saw some excellent sales made at the "Middle House" as the warehouse where Mr. P. A. Grigg is auctioneer is called, and no pile of tobacco that had any good qualities was allowed to be overlooked by the buyers, and as for the bad tobacco that sells itself loose as if that is the kind they want. Mr. Grigg seemed to look upon Buckingham men as his special charge and to leave nothing undone that he could do for them, indeed he is an all-round warehouseman and the Farmville people know it. From $8 to 13 for leaf, from $3.50 to $6.00 for lugs, was the market for last week.

Mr. Louis D. Jones, who was so badly hurt by a pet deer last week is getting better. The deer, which was an immense game buck two years old, became angered when an attempt was made to drive him in an enclosure in which he had been confined, and showed fight, injuring several other people on the place before he made an attack on Mr. Jones The deer was killed by a colored man who shot him to save Mr. Jones' life.

Union services were held at the Presbyterian church on Thanksgiving day.

There is quite a building boom at Arvonia. They are to have a new hotel and a new Masonic Building.

Moss & Grigg have gone into their new quarters at Whitehall and Mr. A. W. Moore will occupy the house they had to the bottom.

Mr. Robt. Baird died at his home near the Cumberland line on the 28th inst, of typhoid pneumonia. He was a brother of W. D. Baird and a nephew of the late Wm. A. Baird.

Col. Jas. Lyons came over from Charlotte and spent several days among friends here last week. The Col. is looking better than he has for several years, much to the pleasure of his many friends here.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

There has been considerable trouble here about crossing the river. Some time back, the yard hands took the boat to the other side of the river, it was rising fast and some how the rope broke, and the boat was carried below Manteo. This causes any amount of trouble and annoyance to the people who hand to this station, to say nothing of the inconvenience of passengers going to and from the depot. If our Congressman, who has done so much for this county, was not employed by the R. R. Co., we feel assured that he would have the Company to rebuild the bridge here. It would be a great convenience to all, and the R. R. Co would not miss the money.

Success to the Times, and its many readers.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address
